SAFETY INSTRUCTIONS

Warnings for Customers: Your Unit is Equipped With a Power Card. WARNING: THIS APPLIANCE SHOULD BE CONNECTED TO A MAINS SOCKET OUTLET WITH A PROTECTIVE CONTACTOR.

The core which is colored green and yellow must be connected to the terminal marked E or colored green. The core which is colored blue must be connected to the terminal marked N or colored black.

The following is indicative of low altitude use; do not use in elevators, in aircraft, or over 2000 feet above sea level.

If connected to 240V supply, a suitable CSA/UL certified power cord must be used in this piece of equipment. DO NOT INSTALL NEAR ANY HEAT SOURCES SUCH AS RADIATORS, HEAT REGISTERS, OR STOVES, OR OTHER APPARATUS (INCLUDING AMPLIFIERS) THAT PRODUCE HEAT.

To reduce the risk of fire or electric shock, refer servicing to qualified service personnel or equivalent.

It is the unique responsibility of every owner to ensure that power cords and power supplies are of the type and rating only. FOR UNITS EQUIPPED WITH EXTERNALLY ACCESSIBLE FUSE RECEPTACLE: Replace fuse with same type and rating only.

SUPPORT / SERVICE

If you require technical support, contact dbx Technical Support. Be prepared to accurately describe the problem. Know the serial number of your device–this is printed on a sticker attached to the chassis. If you have not already taken the time to fill out your warranty registration card and send it in, please do so now. You may also register online at www.dbxpro.com.

Before you return a product to the factory for service, we recommend you refer to the manual. Make sure you have correctly followed installation steps and operation procedures. For further technical assistance or service, please contact our Technical Support Department at (801) 566-7660 or visit www.dbxpro.com. If you need to return a product to the factory for service, YOU MUST FIRST CONTACT TECHNICAL SUPPORT TO OBTAIN A RETURN AUTHORIZATION NUMBER.

NO RETURNED PRODUCTS WILL BE ACCEPTED AT THE FACTORY WITHOUT A RETURN AUTHORIZATION NUMBER.

Please refer to the Warranty information on the following page, which extends to the first end-user. Upon expiration of the warranty, a reasonable charge will be made for parts, labor, and packing if you choose to use the factory service facility. In all cases, you are responsible for transportation charges to the factory. dbx will pay return shipping if the unit is still under warranty. Use the original packing material if it is available. Mark the package with the name of the shipper and with these words in red: DELICATE INSTRUMENT, FRAGILE! Insure the package properly. Ship prepaid, NOT COLLECT. DO NOT SHIP PARCEL POST.

WARRANTY

1. The warranty registration card that accompanies this product must be mailed within 30 days after purchase date to validate this warranty. You can also register online at www.dbxpro.com. Proof of purchase is considered to be the responsibility of the consumer. A copy of the original purchase receipt must be provided for any warranty service.

2. dbx warrants this product, when purchased new from an authorized U.S. dbx dealer and used solely within the U.S., to be free from defects in materials and workmanship under normal use and service. This warranty is valid to the original purchaser only and is non-transferable.

3. dbx liability under this warranty is limited to repairing or, at its discretion, replacing defective materials that show evidence of defect, provided the product is returned to dbx WITH RETURN AUTHORIZATION from the factory. Under all parts and labor will be covered up to a period of two years. A Return Authorization number must first be obtained from dbx. The company shall not be liable for any consequential damage as a result of the product's use in any circuit or assembly.

4. dbx reserves the right to make changes in design or make additions or to improve products previously manufactured.

5. The foregoing is in lieu of all other warranties, expressed or implied, and dbx neither assumes nor authorizes any person to assume on behalf of any liability or liability in connection with the sale of this product. In no event shall dbx or its dealers be liable for special or consequential damages or from any delay in the performance of this warranty due to causes beyond their control.

6
Thank you for purchasing the dbx PS6 power supply. The PS6 power supply is designed to power up to six dbx PMCs. When combined with a dbx PMC personal monitoring system, the PS6 eliminates the need for multiple on-stage power strips and can help clean up on-stage wiring.

INCLUDED ITEMS
Before you get started, ensure the following items have been included:

- PS6 Power Supply
- 1 IEC Power Cable
- 6 20' PMC Power Cables
- Owner's Manual

The utmost care was taken while manufacturing your PS6. Everything should be included and in perfect working order. If anything is missing or damaged, contact the factory at once.

DESCRIPTION

1. POWER INDICATOR LED
   This green LED indicates whether or not the PS6 is powered on.

2. POWER OUTPUT CONNECTORS
   Connect the included power cables to these output connectors for powering up to six dbx PMC devices.

3. POWER INLET
   Connect the included IEC power cable to this inlet to provide power to the PS6.

4. FAN
   This temperature controlled fan automatically turns on and off as needed.

CONNECTION DIAGRAM

SPECIFICATIONS

Input:
   Connector: 1 IEC
   Voltage: 100-240 VAC, 50-60 Hz

Outputs:
   Connectors: 6 Barrel Jacks
   Output Polarity: Center Negative
   Voltage: 12 VDC
   Current: 800 mA Maximum Per Output

Fan:
   Type: Temperature Controlled

Physical:
   Dimensions: 2.2” (H) x 5.42” (W) x 5.82” (D) (5.59 cm (H) x 13.77 cm (W) x 14.78 cm (D))
   Weight: 1.65 lbs (0.75 kg)
   Shipping Weight: 3.9 lbs (1.77 kg)
